PEOPLE DON'T WANT TO BE HUMBUGGED BUT THEY ARE SOMETIMES

Quite a few farmers bought a batch of cheap, worthless, supposed-to-be condition powder, and got stung by the slick tongued agents they may never see again. They paid 12c a pound for wheat bran filler and ground up oil cake, flavored with oils. They fed it to their horses every day for months when they could have fed the whole batch at one meal, without any good or bad results, (its beyond the word humbug.) They don't know that one bottle of

DR. HUDSON'S LIQUID CONDITIONER

is worth more than five pounds of the best condition powder sold to-day. It has the powder beat a thousand ways. You can give it on the tongue, in the feed, or in the drinking water. It works like a charm, one tablespoonful twice a day. One bottle lasts 16 days. Costs you just 50 cents, and the results are good. Your horse will prove this. Will you give it a trial? It's sold on a guarantee.

It's The Greatest Money Value of the Times. TRY IT.

ELMER NAYLOR

Elmer Naylor, the eighteen year old son of Mr. and Mrs. Jacob Naylor, of Camp Hill, died Wednesday evening at his home in that place.

The young man had been assisting in unloading bran and was in unusually good spirits. The bran was in 100 pound bags. He was raising the bags from the wagon and passing them up to another person. When in the act of raising one bag of bran he dropped unconscious and death soon followed.

The coroner deemed an inquest unnecessary. In raising one of the bags, the young man had overtaxed his strength and ruptured a blood vessel in his brain.

The young man was the only son of Mr. and Mrs. Jacob Naylor who reside on a farm near Eberly's Mills.

Funeral at York Springs Sunday.

PAID IN FULL

The greatest of all New York successes will be seen here at Walter's Theatre on Thursday evening, March 23, when it should awaken the liveliest interest in our local theatre goers, for it is a fact, that of all the so-called successes on the road, none can lay claim to the proud distinction that has been achieved by Mr. Eugene Walter's masterpiece, "Paid in Full." Its great record of two years on Broadway and an entire season in Chicago is still fresh in the minds of those who keep in touch with the best in drama. That it will be greeted by the usual capacity business, is already indicated by the hundreds of requests for reservations.

OFFICER O'RILEY TURNS IN KEYS

Night Policeman Says that he will not Serve at Ten Dollars a Month less than the Chief Receives. Must Expel Tramps.

Policeman O'Riley has handed in his keys to Burgess Holtworth and is no longer a member of the borough police force. Mr. O'Riley gives as the reason for his resignation that he objects to the chief receiving more salary than he is paid, claiming that both officers should get the same salary.

At the meeting of the Town Council on Wednesday evening the salary of Chief Shealer was placed at \$45.00 a month and that of Mr. O'Riley at \$35.00. It was understood that Mr. O'Riley would continue to serve at the figure which had been paid him last year. It was also the opinion of Council that if Mr. O'Riley were to give satisfactory service his salary would be increased later.

The officer, however, objected to the arrangement and handed in his keys. Officer Shealer is now on at night and will continue to be until a successor is secured for Mr. O'Riley. Burgess Holtworth in discussing the situation this morning said:

"I am anxious to get a second police so that Shealer can be on in the day time for we must get rid of the tramps. They are starting to come through here now in large numbers and they must be stopped right away before the number increases. With a night man Mr. Shealer can handle this work in the day."

The Burgess will likely appoint a temporary special police to serve until the next meeting of Council when Mr. O'Riley's successor will be chosen.

TO REVIVE SILK INDUSTRY

Plans are under way to regain York's prestige as a centre of silk manufacture, which was lost with the collapse, several years ago, of the York and Monarch Companies, with an aggregate of millions of dollars in capital, which operated three mills.

A large syndicate is said to be negotiating for the purchase of these three mills, which are now in partial operation under leases, and are in control of Attorney Michael S. Niles, trustee for the bondholders' committee.

Efforts are being made by the York Chamber of Commerce to ascertain what prospects exist of mustering on short notice the 1000 or more employees which would be required for their full operation.

The Ashley and Bailey Company at present has a large silk mill in operation and Levy Brothers, of New York, are completing another, so that a revival of the three old mills would bring York speedily to the front again in this industry.

FRANCHISE GRANTED

The authorities of Westminster have granted a franchise to the Washington, Westminster and Gettysburg Railroad Company to lay its tracks across the town.

FREIGHT KILLS UNKNOWN MAN

Hobo who Visited Gettysburg a Few Days ago Meets Sudden Death when Freight Strikes him Near Boiling Springs.

One of the small army of tramps which has been passing through Gettysburg the past few weeks met death on the tracks of the Reading railroad near Boiling Springs on Friday.

At 9.30 o'clock Friday morning the crew of a Reading freight train bound toward Harrisburg found the body of a man lying beside the tracks at Boiling Springs. It is presumed he was walking on the track when struck by the milk train, westbound, about a half hour before. The discovery was reported to headquarters at Harrisburg. It is believed that the victim of the accident was an umbrella mender. He was seen with two others at Boiling Springs Thursday. There was nothing by which the body could be identified.

Three umbrella menders traveling together were in Gettysburg several days ago and from the description of the unfortunate man it is believed that he was one of the trio. He was about 60 years old with black hair and a reddish beard. His skull was crushed. There was nothing whatever on his person to indicate his name or his home, if he claimed any.

W. M. INTO WASHINGTON?

Financiers are looking forward to the sale of the Washington, Baltimore and Annapolis Electric Railway with considerable interest, since a number of rumors have been afloat—though none, traced down to its source, seems to have much foundation—that interests other than the reorganization committee might buy in the property.

One of the most persistent rumors is that the Western Maryland Railway Company will buy in the property if the price is not beyond what this company thinks the property is worth to it. It is pointed out that the purchase of this road, which is of standard gauge, would give the Western Maryland, and therefore the New York Central system an entrance into Washington.

Another rumor, though this is not given so much credence, is that the Pennsylvania and Baltimore and Ohio companies may jointly buy the electric railway, so as to prevent the competition which may later be extended vigorously, not only after the passenger but also the freight and express business.

NEW COMPANY

Hanover has a new cabinet factory under the active management of C. S. Reaser, of the Reaser Furniture Company, Gettysburg; and M. C. They are now rushing samples to a completion as speedily as possible, in order that photographs of their line may be taken, and sent to the salesmen throughout the Eastern sections of the country, and thereby get their product on the market as quickly as possible.

They were forwarded by express and to assure their safe arrival in California were transported in thirty nine boxes. The sale was made through newspaper advertising.

The Pine Rose poultry farm makes a specialty of the White Orpington, which is in great demand. Mr. Knisley breeds his stock from a pen of four hens and a cockerel for which he has refused an offer of \$1,500. These five birds have won enough ribbons at shows to cover the coop where they are kept.

Makes Home Baking Easy

ROYAL BAKING POWDER

Absolutely Pure
The only baking powder made from Royal Grape Cream of Tartar
NO ALUM. NO LIME PHOSPHATE

There is no asset with which young folks start out in life which begins to compare in importance and value with good health. In all too many cases we take this endowment as a matter of course, underrate and often despise it and wake up too late to a realization of the fact that we have impaired or destroyed it. It is a pretty good idea to look after our health as we go along.

In spite of the efforts of the agricultural department at Washington to arouse interest among farmers in the production and use of denatured alcohol, practically nothing has been attained along the line desired. Dr. Wiley, who has charge of the denatured alcohol experimental work, says that a still costing \$2,500 would convert into alcohol the products of a territory six miles square and that the cost of production per gallon would be much cheaper in a plant of this size than in one considerably smaller. In Germany and France the smaller individual stills have been in profitable use for the past 250 years.

DEMONSTRATION AGAINST DIAZ

Official Palace in Mexico City Stoned by Mob.

REBELS SAY HE MUST GET OUT

No Negotiations For Peace Possible Unless Diaz Admits His Election to Presidency Was Irregular.

San Antonio, Tex., March 18.—Authentic report of a serious demonstration against the person of President Diaz, of Mexico, which took the form of the stoning of his official palace in Mexico City by a mob of insurrectionary sympathizers, became public here.

The stoning of Diaz's palace came so suddenly that the police, utterly unprepared for the demonstration, were unable to disperse the mob before much glass had been shattered and the guests of the president who were in the palace at the time had been badly frightened. It is said that there were not many whole windows left on that side of the palace exposed to the stonethrowers.

As the details were recited, the demonstration occurred about 9 o'clock in the evening, when the streets centering about the official residence were filled with people. Suddenly there was a movement in the crowd, and out of cafes and adjacent places there poured as if by preconcerted signal several hundred men and young boys.

With shouts of "Viva Madero!" they let fly first one shower of rocks and then a second. The whole thing was over in five minutes. There were several arrests.

The significance of the report lies in the fact that this is the first demonstration against the Diaz government and Diaz himself that has occurred in the federal district of Mexico since the present revolt against his rule began.

WAR TO CONTINUE

Rebels Say Diaz Must Get Out as First Peace Move.

El Paso, Tex., March 18.—Leaders of the Mexican revolutionists here declare that the fighting will continue, despite assurances that Senator Limanour, Mexican minister of finance, now on his way to Mexico City, had started plans to terminate the rebellion.

"There will be no pause in hostilities," said Gonzales Garza, insurrectionary secretary of state. "With the threat of the government hanging over us that we will be shot without trial, our fight for liberty, and for the setting up permanently of the Madero government, will continue. No overture for peace will be considered official by us unless it has come from Mexico City. It must come with a promise that Diaz will retire on the ground that his election was not regular."

Notwithstanding this assertion, the report of Limanour's exertion in behalf of peace has created a profound impression in the insurgent ranks. It is known that a courier has been dispatched to the field to inform Francisco I. Madero, the revolutionary president, of the latest phase.

Madero has already been made acquainted with the preliminaries. It is said negotiations will be undertaken without his approval of the terms of an armistice. The terms must be such that if peace plans fail the insurgents will not have lost any strength by the effort.

REBELS IN DEATH TRAP

Leader and Seven Soldiers Barricaded in House Reported Slain.

San Diego, March 18.—Barricaded in adobe houses in the hamlet of Tecate, a handful of Mexican rebels are fighting against certain death at the hands of a full company of federal infantry.

Louis Rodriguez, leader of the insurrection forces in the field, is reported to have been slain, together with seven soldiers. Fourteen rebels are said to have escaped through the corridor of federals which surrounds the town.

The remainder of Rodriguez's force, at last reports was standing off an overwhelming force of infantry, upon which they have inflicted severe loss.

The federals comprise Company F, Eighth Mexican infantry, which had marched from Ensenada, presumably for Tia Juana, Mex. Guided by Jose Morales, who was run out of Tecate by the rebels last week, the surrounded Tecate at daybreak and opened fire on the houses and the rebel camp.

Two rebel guards fell at the first fire. The rebels, under the leadership of Rodriguez, attempted to escape, but all but a few were driven back. Two Mexican soldiers were killed in this sortie. The insurgents unable to get away barricaded themselves in the houses in Tecate and are fighting to the death with the federals.

Captain Evans, U. S. A., reports that eight men were killed at Tecate. Two refugees fled across the boundary and were disarmed and released.

Ask Clean Cells For Captives.

Washington, March 18.—In response to complaints from relatives of Edwin Platt, of Pittsburgh, and Lawrence Conner, of Glendora, Cal., that the two Americans held prisoners at Juarez, Mex., were in unsanitary cells, the state department requested the Mexican government to afford the men comfortable surroundings.

Augusta, Ga., March 18.—Senator Tillman, of South Carolina, says he is near death and that he is only waiting for the end.

The senator is in Augusta. "My appearance misleads every one," said Senator Tillman. "I look well, but I find when I try to do things that I formerly did I am weak and not able to do much. I shall never recover from the stroke which caused my collapse at Washington."

BOY FROZEN ALONG ROAD

Was Left With Broken Wagon While Father Sought Aid.

Lewistown, Pa., March 18.—March 18, a nine-year-old son of J. Frank Vanbuskirk, was frozen to death near here.

The boy had accompanied his father in moving household goods from Lewistown Junction to Alfarrata, when a spring broke on the wagon. The boy was left with the wagon while the father proceeded to Alfarrata with a borrowed wagon.

On returning he found the boy unconscious from cold. The boy died shortly after reaching Alfarrata.

Hearing For Loan Associations.

Harrisburg, Pa., March 18.—The Dauphin county court set April 3 as the date for the Lehigh Building and Loan association and the Lehigh Building and Loan association, No. 2, of Lehigh, to show cause why their business should not be closed by a receiver. The action was taken at the instance of Banking Commissioner Smith.

Sending Troops to China.

"Time's Flight Turned Backward" SAGE AND SULPHUR

Made Her Look Twenty Years Younger

Read Mrs. Herrick's Sworn Statement

STATE OF NEW YORK, COUNTY OF MONROE, ss:

Nancy A. Herrick, being duly sworn, deposes and says: When I was a girl, I had a head of heavy, long dark brown hair which was the envy of my schoolmates, and which attracted the attention and remarks of strangers. As I grew older, my hair commenced to come out, just a little at first, but gradually more and more, and then began to turn gray. I was induced by the many good reports I had heard of Wyeth's Sage and Sulphur Hair Remedy to try a bottle. My hair was quite thin and gray when I began using Sage and Sulphur, and you can imagine my satisfaction when I found that it was fast coming back to its natural condition, being thicker, darker and more glossy than it had been for a long time. I continued to use Sage and Sulphur, and my hair is now as heavy, dark and smooth as when I was a girl of sixteen. It is now four years since I commenced using Sage and Sulphur, and my hair is still in splendid condition.
